

GROW AS A TEACHER...GROW AS A WRITER... SIGN UP FOR THE...

Writer's Workshop Institute

This Writer's Workshop Institute was created for our K-3 classroom teachers, in an effort to boost the writing scores of 4th grade students. Teachers will walk away with an array of ideas and strategies on topics like: developing effective writing instruction, sound classroom management, mini-lessons, conferencing strategies, and much more. This institute will help teachers grow personally as writers and ultimately as teachers of writing through an intense collaboration across the school year. Teachers will have a "working blueprint" for a powerful writing community in hand and ready to use in the classroom. In order to benefit fully from this Institute it is highly recommended that the same teacher attend all sessions.

I look forward to writing with you!
